Payesh Gostaran Pishro Inspection Services

PAYESH GOSTARAN PISHRO CO.
INSPECTION & CERTIFICATION

About Us

Payesh Gostaran Pishro (PGP), technical inspection and certification company is a leading global inspection, verification, testing and certification company.

PGP is established in 2010 and During 6 years of activity awarded Level "A" technical inspection company from Presidential Management and Planning Organization. PGP is an accredited inspection company by Iranian National Standardization Organization (INSO) for inspection of all imported and exported materials and commodities.

We provide speedy and cost-effective solutions to the requirements of our customers and are committed to deliver top service across our global network. Highly qualified inspectors, experts and surveyors of PGP look after our customer's requirements, no matter where the vendors or places of inspection are located. Our focus is on all kinds of materials and products of relevance to industrial facilities and production.

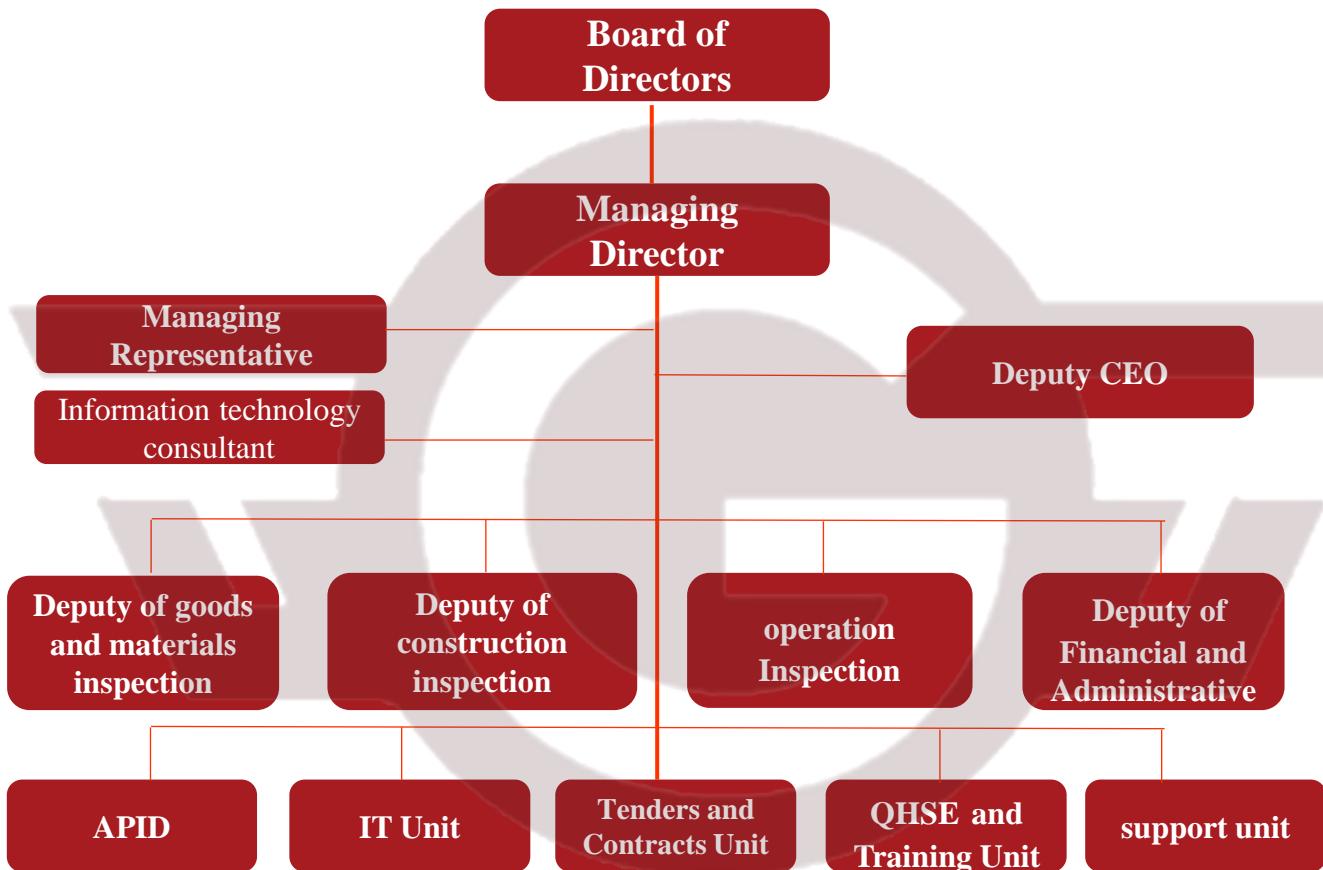

PGP has ISO/IEC 17020 certificates from National Accreditation Center of Iran (NACI) in more than 20 fields such as weld inspection, Crane inspection, Boilers inspection, Pressure Vessels inspection and ...

In 2017 PGP has been approved by Central Bank of Iran for inspection of imported goods and commodities to Iran. PGP is an ISO 9001 ‘ISO 14001 ‘OHSAS 18000 and HSE-MS certified company.

PAYESH GOSTARAN PISHRO CO.
INSPECTION & CERTIFICATION

Organization Chart

Board of Directors

Chairman of the Board of Directors: Dr. Sufizadeh

PhD in Materials Engineering- welding from Tehran university
University Lecturer

International welding engineering course lecturer

International welding inspection course lecturer

Publishing of 40 ISI and international article

Manager of 100 important oil and gas project

Member of ISO 17020 codification

Vice Chairman of the Board of Directors: Hedayatnia engineer

MS in Materials Engineering- Corrosion from Tehran university
VT, PT, MT, UT and RTI Level II certificate owner

lecturer of Visual inspection and CWI courses lecturer of Material selection according to NACE MR0175 course

Manager of Material selection in oil and gas industrially

General Manager & Deputy of Operation Inspection Unit: Mustafa Basereh

Master's degree in business management – strategy Project Manager of Advanced NDT and FFS in the field of oil,gas and petrochemicals

Project Manager of CIPS / PCM / DCVG coverage tests

Project Manager of inspection during operation in the field of oil, Gas and petrochemical industries

Deputy Managing Director and Deputy Third Party Inspection

of Construction and Installation: Mustafa kavousi

Master's degree in material engineering and metallurgy from Tarbiat Modares University Official standard degree in mechanics and metallurgy (compilation, Training and supervision of standard implementation)Lecturer approved by Iran National Standards Organization

Deputy of Goods Inspection: Nader Shahrokh Shahi

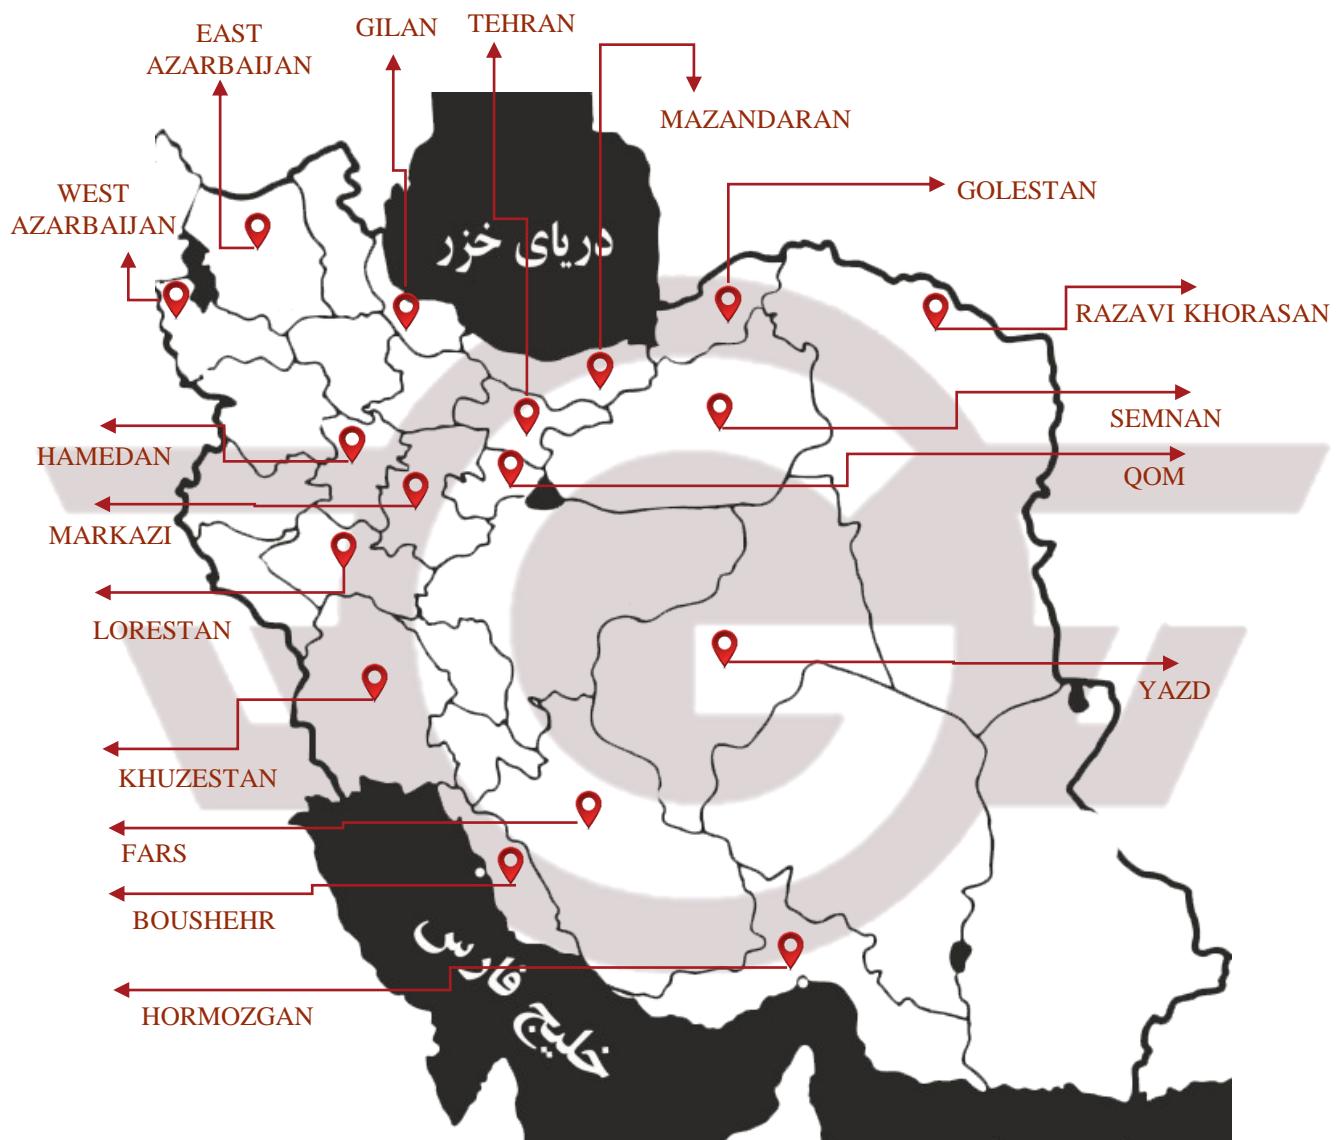

Senior expert in executive management - marketing and export

Lecturer of digital marketing courses in the field of services

Authorship of ISC and international articles with the title of online Shopping
